Mr. Luis Schröder – Letter of recommendation

Mr. Luis Schröder, born on August 16<sup>th</sup>, 1997 in Bad Tölz, has been working for me as a student assistant since April 2021. His tasks include preparing and updating the lecture notes and supporting my research work. Thanks to some high-quality speeches Mr. Schröder has enriched few courses. Furthermore, he designed my homepage and as a result, my research issues and my papers are adequately represented to the public.

Mr. Schröder has always completed all the tasks assigned to him to my complete satisfaction. He has extensive knowledge in the field of Financial Accounting, Managerial Accounting & Taxation and is obviously interested in all related business issues. In addition, Mr. Schröder has a very respectful, reliable and loyal character. This is particularly reflected regarding his interactions with students, colleagues, professors and practice partners.

Prof. Dr. Helfried Labrenz
